

PRODUCT DATASHEET

SPC 2T PLUS

Premium Two Stroke Motorcycle Oil

SPC 2T PLUS is a high quality pre-diluted two-stroke motorcycle oil. It is formulated from highly refined base oils with good low ash additives that provide excellent engine performance.

PERFORMANCE STANDARDS

SPC 2T PLUS meets the following performance requirements:

- API TC
- JASO FB

BENEFITS

SPC 2T PLUS provides the following benefits:

- Exhibits excellent miscibility with gasoline at all temperatures.
- Provides good antiscuffing and antiwear properties.
- Controls deposit formation on pistons and combustion chambers.
- Prevents piston rings sticking.
- Protects against rust and corrosion in the engine.

APPLICATIONS

SPC 2T PLUS is designed for all high performance air-cooled and some water-cooled motorcycles. It is also suitable for two stroke gasoline engines such as motor scooters, chain saws and small portable two-stroke gasoline engine.

TYPICAL CHARACTERISTICS

SPC 2T PLUS

Viscosity, Kinematic	
at 40 deg C, cSt	70.6
at 100 deg C, cSt	9.3
Viscosity Index	109
Specific Gravity, 15/15 deg C	0.882
Flash Point, COC, deg C	132
Pour Point, deg C	-12
Colour	Green

The above figures are typical of current production and do not constitute a specification. Minor variations may occur.
