SPC SDM 800

Premium Quality Diesel Engine Oil

SPC SDM 800 is a high quality engine crankcase oil developed for use in diesel engines to provide high performance and protection.

PERFORMANCE STANDARDS

SPC SDM 800 meets the following performance requirements:

- API CF-4/SG

BENEFITS

SPC SDM 800 provides the following benefits:

- Keeps the engine parts exceptionally clean.
- Maximises oil drain period and maintenance period.
- Resists sludge formation.
- Protects against rust and corrosion.
- Extends oil filter life.
- Provides good anti-wear protection.
- Provides excellent control of oil consumption.

APPLICATIONS

SPC SDM 800 is recommended for use in all kinds of diesel engines including supercharged models operating under severe conditions. It can be used where oil quality of API CF-4/SG level and below is specified.
